Dedication

We, the seniors of the Esko High School, do dedicate this 1952 Lincoln Log to our kind and loving parents who have taught us, through our childhood years, the meaning of sacrifice, patience, and understanding. May their years be long upon the earth.

Senior Class History

In the fall of 1948, twenty-nine ambitious students started on the last lap of their journey towards graduation with Mr. Robert Bowman piloting us through our freshmen year. Our executive force consisted of Calvin Bohren as president; Darrell Lassila, vice-president; Bette Juntunen, secretary; Richard Anderson, treasurer.

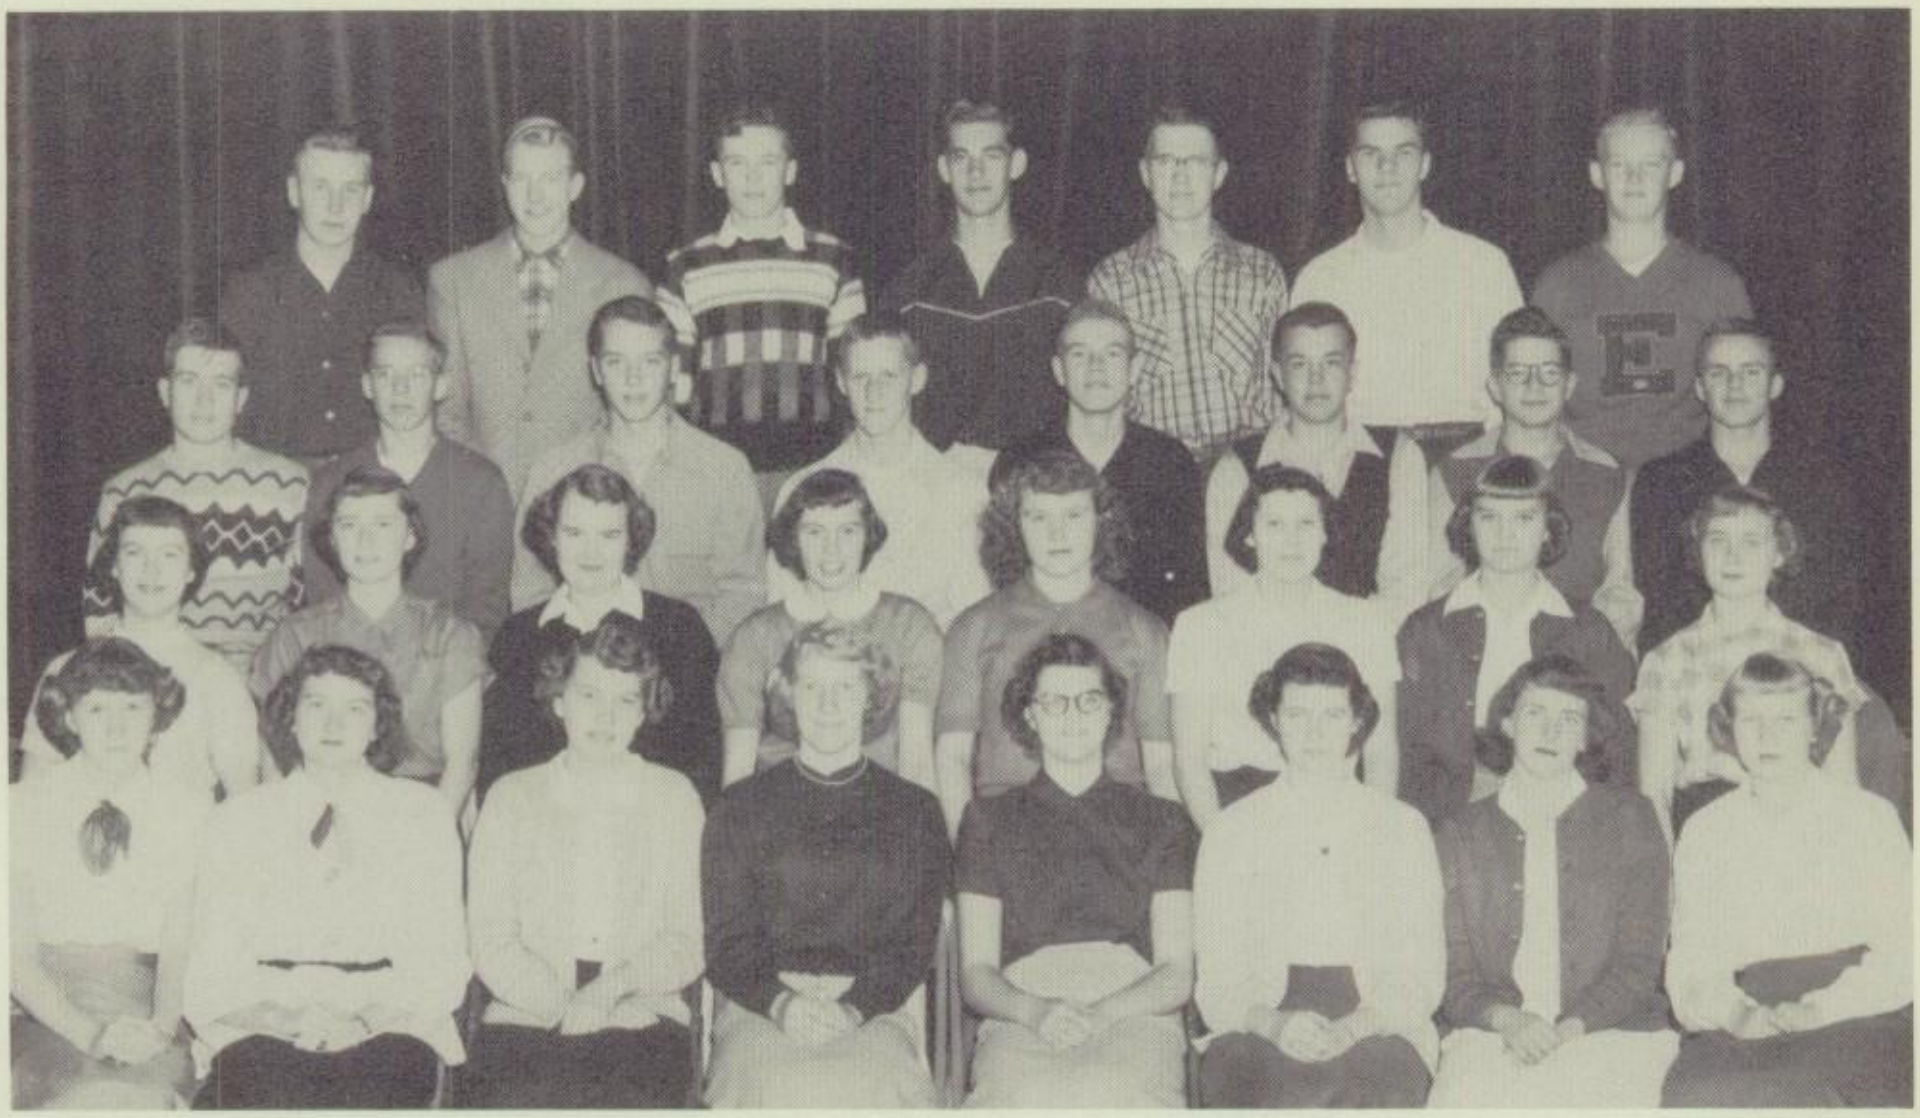
After three short summer months of vacation we returned to school in the form of twenty-eight jolly sophomores. Our enrollment was intact from the previous year. We were fortunate to have Paula Karpenter joining us from Cloquet, and Louis Sampson from Brooklyn, New York. At the helm of our class were Miss Katharine Andres and Mr. Lawrence Langen assisted by Louis Sampson, president; Calvin Bohren, vice-president; Bette Juntunen, secretary; and Lloyd Rontti, treasurer.

With half of our high school knowledge absorbed, we began our junior year with Mr. Lawrence Langen and Miss Vivian Georgesen as our chief advisors, advisors, and Calvin Bohren, Lloyd Rontti, Allen Lennartson, and Darrell Lassila acting as our class officials. Our first great undertaking was our junior class play, "Peg O' My Heart" directed by Mrs. Phillip Olin. The spring of the year found us with the first formal event of our high school days -- the junior-senior banquet and prom held at Hotel Duluth.

On September 7, 1951, we found ourselves back in class ready to make the most of our senior year with all of its various activities. Mr. Duane Converse and Miss Jane Wilsey nobely and patiently guided us along the way for which the seniors are very grateful. From our ranks we chose Lloyd Rontti as our president; Calvin Bohren, vice-president; Gerald Pera, secretary; Allen Lennartson, treasurer.

As this annual goes to press under the leadership of Elton Waterhouse, many events are yet to take place, namely, the senior class play, junior-senior banquet and prom, and last but not least, Baccalaureate and Commencement Services.

Juniors



FIRST ROW: Diane Himango, Lucille Heikkinen, Anita Mattinen, Nancy Barney, Jean Sunnarborg, Carol Juntti, Alice Fliegel, Mavis Mattson. SECOND ROW: Yvonne Hennum, Phyllis Bergstedt, Nancy Gustafson, Eva Eckman, Gladys Anderson, Betsy Sunnarborg, Bette Sunnarborg, Adele Oja. THIRD ROW: Clayton Kalli, Bennett Puline, Donald Wigington, Leroy Maki, Donald Pykkonen, James Pantsar, James Smith, James Juntunen. FOURTH ROW: Richard Tan, Richard Mattson, Dale Luokkala, Richard Richardson, James Manisto, James Hammarlund, Richard Lawson.

Junior Class History

As freshmen, we entered the Esko High School in 1949. With Miss Jane Wilsey as our advisor, we elected the following officers: Leroy Maki, president; Nancy Barney, vice-president; Jean Sunnarborg, secretary; Richard Richardson, treasurer. Eva Eckman was elected to represent our class on the Student Council.

Elected to lead our class during our sophomore year were James Juntunen, president; Donald Pykkonen, vice-president; Diane Himango, secretary; Donald Wigington, treasurer; Miss Wilsey and Mr. Knuti, advisors. Eva Eckman and James Hammarlund were elected to represent us on the council. During this year we sponsored a very successful "Sok Hop" for the senior high school.

Under the guidance of Miss Georgesen and Mr. Langen, we began our very eventful junior year. The staff of officers for the year were as follows: Donald Pykkonen, president; Nancy Barney, vice-president; Jean Sunnarborg, secretary; Bette Sunnarborg, treasurer; James Hammarlund, Eva Eckman, James Juntunen, council representatives.

"The Phantom Bells" a mystery comedy, under the excellent direction of Miss Marjorie Steil, was presented by the junior class.

As this annual goes to press, we are all very busy making arrangements for the junior-senior banquet and prom which will he held on Saturday night, May 17.

Looking forward to our senior year, we will partake of our dessert -- the senior class play, banquet-prom, Baccalaureate and Commencement Excerises.

SHORTHAND

Commercial Department

The commercial department has a two-fold purpose. First, we give vocational training to students interested in secretarial and office work. Second, we give other students a chance to learn typing and other business subjects for personal use. With this in mind, we offer classes in general business, typing shorthand, transcription, and bookkeeping. The class in general business is offered to the ninth grade; typing to the tenth grade; bookkeeping, shorthand, and transcription to the eleventh and twelfth grades.

Home Economics Department

The challenge of Home Economics today is to provide a program of practical education for the improvement of personal, family, and community living. It is aimed at making daily living happier and more satisfying.

Through cooperative planning by the teacher, students, and parents, it is possible to make the work more meaningful and interesting. A great variety of home-making experiences are offered in order to enable both girls and boys to grow in their understanding of the problems of living and working in a family in our complex world.

Industrial Arts

On the junior high level, the students are offered opportunities to work in the following areas: wood sketching, drawing, metals, and electricity. In the senior high, the work is concentrated in one area for the entire year. The juniors are taking advanced woodworking and the seniors metal working. The senior class work is broken up into the following areas: six weeks of arc-welding, six weeks of gas welding, six weeks of lathe practice, and one semester of sheet metal.

Science Department

Since only a small proportion of students attending high school anticipate going to college, the modern trend in science is toward preparing each individual for intelligent living in the world about him. General science is taught in the junior high school grades, seven, eight and nine. Biology is taught in the sophomore year, while physics and chemistry are reserved for juniors and seniors.

Science is the natural medium of teaching, in the highest and strongest manner, the great truth which is embodied in the Christian conception of entire surrender to the will of God.

SOMERSAULT

Boys' Physical Education

The aim of the physical education department is to provide recreation for all boys in the junior and senior high school. With this purpose in mind, the tendency is toward free play during the two hours each week that the boys participate in gym work. Football, basketball, and baseball, in their respective seasons are the most widely enjoyed activities in which the boys take part. In addition to calisthenics, grades seven, eight and eleven, meet twice a week for the study of health education.

COORDINATION AND CONTROL

Girls' Physical Education

Physical education for girls from grades seven through twelve includes three concepts: to teach children to live the best they possibly can -- physically, mentally, socially, and psychologically -- free from disease and malfunction; to understand and appreciate the principles of hygiene, anatomy, and physiology; to teach children the kind of physical activities that will enable them to lead a more healthful life; and to provide opportunities for the children to develop physical activities that they can use in their leisure time. From the student standpoint, physical education is fun and relaxation.

Spotlight

The students have an opportunity to put into practical use some of the skills they learn in school by putting out the school paper, The Spotlight. The Spotlight serves as the school and community paper. It was begun in the year 1926, and has served the community ever since. The paper is edited every three weeks. The students in all departments of the school act as reporters for the paper, while the commercial students edit and publish it. Miss Katharine Andres is the advisor.

Music Department

The band is one organization which is represented by students from all grades in the junior and senior high school. The present membership is forty-two players. Besides playing a considerable amount of concert music throughout the year, the band furnished much pep and color at all home games and also at tournaments.

The mixed chorus of sixty-two voices consists of students from the ninth, tenth, eleventh, and twelfth grades. They meet for rehearsals twice a week and sing for the high school Christmas Program, at the annual music festival at Duluth, Baccalaureate and Commencement Exercises, and at other programs and concerts. The music department is under the direction of Mr. Isaac Esko.

As an avocation photography has no superior. As a vocation there is no end to its possibilities -- motion pictures, x-ray, commercial photography, studio photography, photo-finishing, press photography, and aerial mapping. These are but a few of its ramifications. An elementary course such as ours obviously cannot produce a photographer, but it should give a grounding in the subject which may inspire some students to further study. This in turn may result in some finding photography a worthwhile aid to almost any vocation.

Library Club

An attractive and well kept library is one of the greatest assets a school can have. The Library Club is an organized group of responsible senior high school girls who have accepted the responsibility of keeping the library in good running order. In addition to assisting the librarian with the mechanical preparation of new books and mending and repairing others, they have complete charge of checking all books going out of and coming into the library, and supervising students using it.

The Lincoln Library has over four thousand books, and numerous periodicals at the disposal of the students, faculty, and people of the community. The Library Club is under the supervision of Miss Marjorie Steil.

FUTURE FARMERS OF AMERICA

Our chapter officers of 1950-51 took part in the Parliamentary Procedure contest while attending the annual meeting at Hibbing. The team placed first at this meeting thus qualifying them for state entrance.

The State Farmers for 1951 were Walter Grubenla, and Richard Duzan. The students applying for State Farmer Degrees for 1952 are Richard Tan, and Bennet Puline. The chapter entry for 1951 to the Duluth's Chamber of Commerce Contest was Bennet Puline. The 1952 entries are Richard Tan and Bennet Puline.

Local members attending the F.F.A. State Camp last year were Rodney Halvorson, Robert Gordon, and Delbert Bottila. This camp is located at Lake Arrowhead, Britt, Minnesota.

A large number of students exhibited projects at the local fair last summer and a number of boys entered the tractor - driving contest which was won by Richard Tan; Walter Grubenla having place second.

There were forty-three members for the 1951-52 Future Farmer year. This is a goodly number considering the size of our high school.

Mr. George Saksa, local advisor; Richard Tan, James Manisto, Allen Lennartson, and Bennet Puline attended the National Future Farmer convention at Kansas City last fall. This trip is always most interesting and certainly has many educational advantages.

The district banquet was held at Esko this year on the evening of October 17. Mr. Nigg and Mr. Ogrinc were made honorary district members.

Demonstrators at the State Fair in 1951 were James Juntunen, Richard Tan, and Bennet Puline. Their demonstration was on rope work.

"The G.A.A. in action"

Girls' Athletic Association

All senior high school girls may belong to the G.A.A. which is an organization for the development of skills and athletic interest, and the promotion of friendship among the girls.

The girls are all trying hard to get their points by attending G.A.A. once a week for "Activity Night", skating, bowling, hiking, and dancing. Our activity nights are devoted to sports such as volleyball, basketball, social dancing, skating, softball, and hiking.

The activities for the year started out with a drive for funds by selling magazines. The yearly bonfire and snake dance were sponsored by the group. The girls have also gone bowling several times. In the fall of the year we have initiation for all new members. Our group attended a play-day at Proctor. The G.A.A. Banquet will be held in the spring followed by the annual senior cabin party.

The officers for the year included: Beverly Southworth, president; Bette Juntunen and Paula Karpenter, vice-presidents; Joyce Nelson, secretary; Luella Sunnarborg, treasurer; Esther Johnson, historian.

Last Will and Testament

We, the Senior Class of the Esko High School, in the year of our Lord, one thousand nine hundred and fifty two, being of unsurpassable mental capacities, do hereby make known our last will and testament.

To Mr. Hnatko, we give back his description of "Mongrel" which he bestowed upon us, with the sincere hope he will be able to use it again next year.

Individually, we make the following bequests:

I, Beverly Southworth, will my majorette suit to Jimmy Smith, who should make a real hit in it.

I, Harold Hultberg, leave my mushy attributes to Bennet Puline, who is the up and coming Romeo of the Junior Class.

I, Roger Bohren, will one Holstein calf to Richard "Guernsey" Tan.

I, John Maki, leave my "little" brother LeRoy to carry on where I leave off.

I, Paula Karpenter, leave twenty-five pounds of my extra weight to James Pantsar. This should come in real handy as bait for his trapline.

I, Richard Anderson, will my basketball playing skill to Jimmy Juntunen.

I, Bob Esko, will my horn blowing know-how to Clayton Kalli.

I, Bette Bjorken, leave my strapless formal in the hands of Roger Juntunen. I'm confident it will be safe there.

I, Esther Johnson, will my height to James Manisto.

I, Bette Juntunen, leave my "snuggies" to Jack Alaspa.

I, Allen Lennartson, leave my jokes all to Richard Richardson and Dale Luokkala.

I, Henry Sota, will my job as head manager to my assistant, James Hammarlund.

I, Duane Davidson, leave my uncontrollable blush to Yvonne Hennum.

I, Gerald Pera, will my job at the round house in Procter to Betsy Sunnarberg and Elaine Sunnarborg.

I, Lloyd Rontti, leave my guard position on the football team to Phyllis Bergstedt. This change will add more beef to next year's line.

I, Luella Sunnarborg, will my powerful swing in volleyball to Nancy Gustafson and Nancy Barney who already carry quite a wallop.

I, Joyce Nelson, leave my interest in Esko boys to Adele Oja.

I, Wilfred Sunnarborg, leave the use of my Model "A" to Carol Juntti and Lucille Heikkinen.

I, Calvin Bohren, will my "Boots" to Donnie Pykkonen.

I, Wayne Michaelson, leave my nickname "Mink" to Jean Sunnarborg, and Anita Mattinen.

I, Darrell Lassila, leave my beloved cousin Alice Fleigel.

I, Muriel Martin, leave one of my boyfriends rings to Diane Himango. Muriel goes by the old saying, "What's one when you got so many."

I, Bobby Johnson, will my diet book to Gladys Anderson and Mavis Mattson.

I, Dorothy Tan, leave my teeth to Melvin Hautaluoma, with the sincere hope that he will get more use from them then I did.
